ASSAULT

THE THIRD EYE IS THE MOST EVIL OF ALL.

The Grand Finale of the Meanest 3-D Graphic Adventure Series – Ever!

Behold *EYE III*, with the hottest graphics, a devilishly deep plot, more colors and more cinematics than ever.

Prepare to be transported to the ruined city of Myth Drannor in the FORGOTTEN REALMS® world, where you must wrest an artifact of divine power from the dread lich *Acwellan*. Journey through the forest, mausoleum, temple and guilds, each filled with its own intricate puzzles and traps.

The streamlined interface plays an important role in your survival — allowing smoother moves in combat thanks to the new ALL ATTACK button.

After 40-100 hours, you might see the light at the end of *Eye III*. Then again, you might not.

Screens shown: IBM 256-color VGA displays. Screen shots are only intended to be illustrative of game play. Screen graphics vary considerably between different formats in quality and appearance and are subject to the computer's specifications.
